AGENDA 2030: CHANGE THE SCHOOL TO CHANGE THE COMMUNITY
2020-1-BE01-KA229-074904

TITLE	Online radio podcast
DESCRIPTION	The activity aimed to make the Italian school system better known to foreign partners and to make the participants in the mobility reflect on the differences between the various education systems.
PROCEDURE	Pupils from partner countries are interviewed by the pupils of our institute both in English and in French. They talked about the first impressions they had of the school and on the lessons they have just followed in class during the mobility.
MATERIAL	PC, Mixer, microphones, special soundproof class, an account on an online radio platform, or you can use the youtube school channel.
TIME	2h.
GROUP SIZE	30 pupils divided into three groups.
COMPETENCES AND SKILLS TO BE ACQUIRED	Mutual knowledge of the various school systems. Skills related to public speaking, communication and increase of self-esteem. Competences related to the use of foreign language and ICT.
NOTES (recommendation, pitfalls)	Be sure to keep track of the time, allowing all the participants to take part in the discussion. Pay attention to regulate the microphones and volume. It is recommended to prepare the question before and check them with the teachers before the activity starts. All our radio podcasts are available on the YouTube page of ISTITUTO LUCIGNANO. https://www.youtube.com/@istitutolucignano5974/videos
School subjects involved	Work based on interdisciplinary approaches: literature, history, ICT.
School responsible for the realization of the activity	Istituto Comprensivo Lucignano - ITALY
