AGENDA 2030: CHANGE THE SCHOOL TO CHANGE THE COMMUNITY
2020-1-BE01-KA229-074904

TITLE	Suomenlinna Fortress
DESCRIPTION	Main goal was to get to know the biodiversity close the sea and see the historical aspect of the fortress.
PROCEDURE Steps to follow	We started the day with a bus trip to Helsinki. After the other visits we travelled by a ferry to Suomenlinna Fortress. Students were divided to groups for the photo competition. Main goal was to take picture as a group work that shows the power of the nature. With photo competition we wanted to spark conversation.
MATERIAL	iPads or cell phones, places in the close by nature, movement of a human body.
TIME	3 hours
GROUP SIZE	8 prs/ group
COMPETENCES AND SKILLS TO BE ACQUIRED	Knowledge of species, biodiversity, proximity to the Baltic Sea and its' impact on nature and species. The are close to the sea with its' environment.
NOTES	Suomenlinna Fortress and the island offered the perfect setting for this kind of activity. When forming a group, it is good to take the age distribution into account so that movement is safe.
School subjects involved	Biology, geography, history, arts, environmental education, languages, communication skills.
